Dear Kathi,

Milly and I are sitting in our new room on a cold winter night, loving the feeling! We are writing you to congratulate your team on a job well done! From the first day we met with Design Consultant Peter Virtue to discuss the possibility, to the last day the gutters were installed, the team was professional and competent. The job was not easy. The technical feats were easy, compared to the endless negotiations with the condominium association, and the Town of Brookline building inspectors. Brady representatives were with us at every step of the way, at every meeting, late evenings included.

We especially want to thank Peter, Chief Design Consultant Kevin Kieler, Production Manager Marco Gabrielli, and engineer Bob Wironen.

Feel free to use our project and this letter to endorse your company.

Sincerely,

Harold and Milly Solomon
